More pictures and details are available below.

The silicone insert is very easy to put on and off for cleaning but stay very stable during play. The blowjob mask is a one size fits all. The silicone insert is hollow, so the dick goes through and end in the mouth of the wearer. The mask is designed in such way that the inside end of the silicone insert slightly press on le lips of the wearer. The silicone insert is not restricting the lips in any way.

The silicone dildo can act as a gag and fit under the cap of the silicone insert. Once the cap is over it, it is locked inside the mask as long as the wearer is not able to rotate the cap... or someone else remove it. The 5" dildo slightly goes in the tip of the mouth and the 7" one really imposes its presence. Never use silicone lubricant on the dildo and never store the dildo inside the silicone insert during storage.

Important note: the 7" dildo is really tight on the Mark II blowjob mask and lubrication on the side of the silicone insert is needed to be able to close the plastic cap while the dildo is inserted.

I will use PayPal services and send a bill for every transaction stating the conditions of the sell agreed. This will ensure safety of the transaction for both you and me.

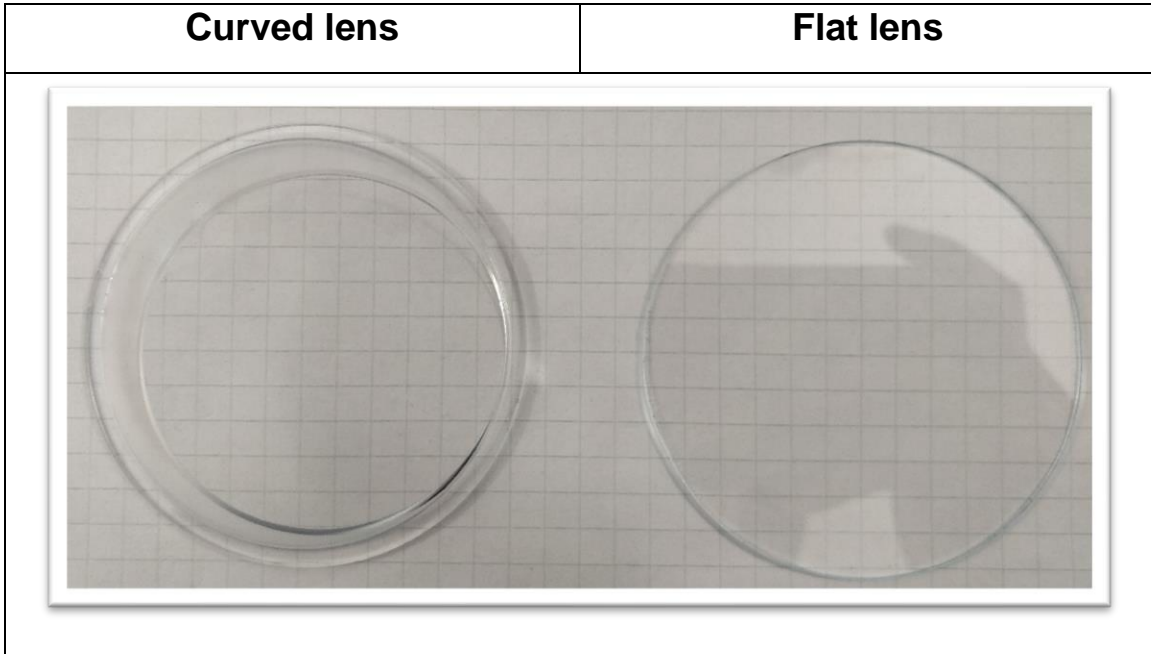

When I order the parts to make one, it takes 4 to 11 weeks for me to receive it (I generally receive it under 5 weeks, but I do not have any guarantee that I will). In consequence, if you want to buy one, there might be up to about 2 and a half months before I can send it to you.

If you have any more questions just ask 😊

Lenses options

Note:

Only flat lenses can be tinted the colour you want.

Lenses cover and adapter

Mask with a lens cover on the left lens

Note:

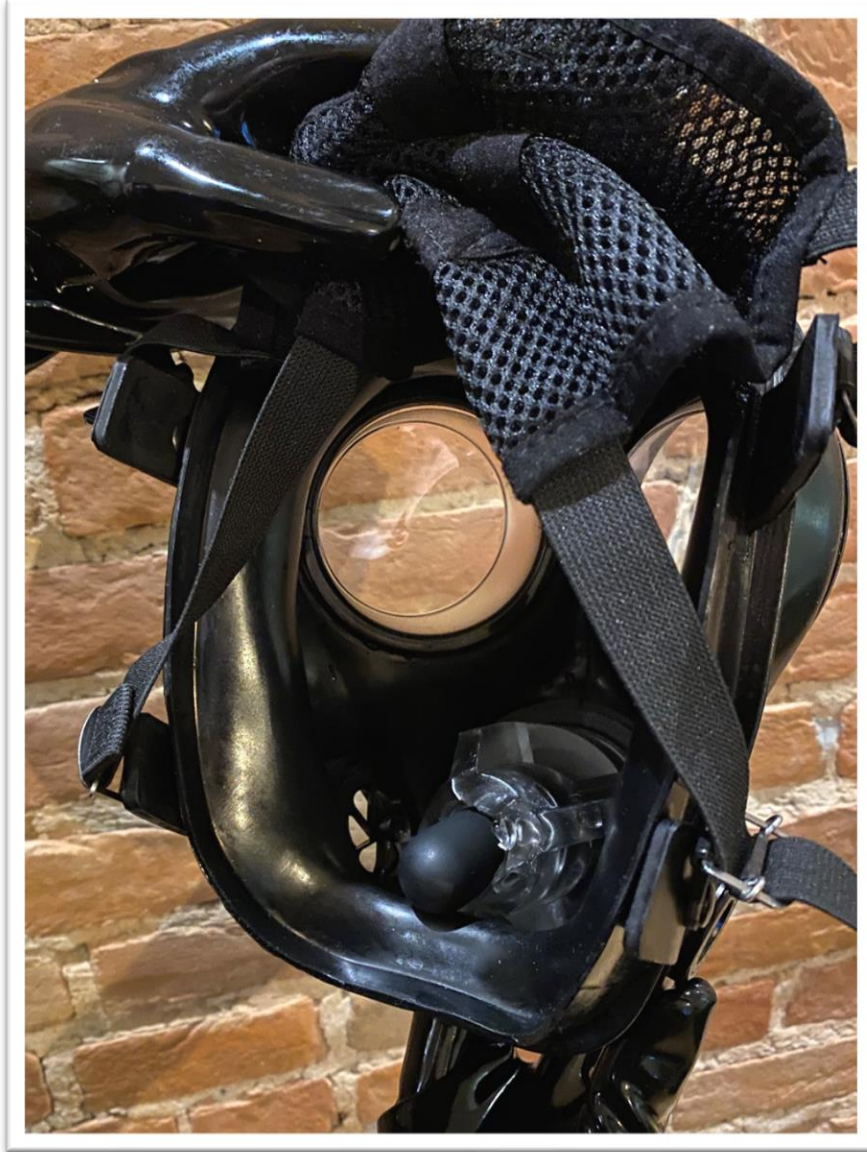

The color of the adapter and the lenses cover (pointed) is customisable (but the color of the cap will be depending on the silicone insert you chose). For the adapter and the lenses cover you can choose from: white, blue, orange, pink, black, gray, blown, green or red.

Example:

If you ask for a mask with the transparent insert and a red adapter, the adapter will be red, but the cap that clip on it to cover the silicone insert will be black (as the transparent insert comes with a black cap).

Silicone dildo acting as gag

Visual of the inside of the mask with the 5'' dildo locked with the outside cap

Visual of the inside of the mask with the 7" dildo locked with the outside cap

Note:

Never use silicone lube with the dildo.
